

A828 IMPROVEMENT WORKS – 2017 – FACTSHEET

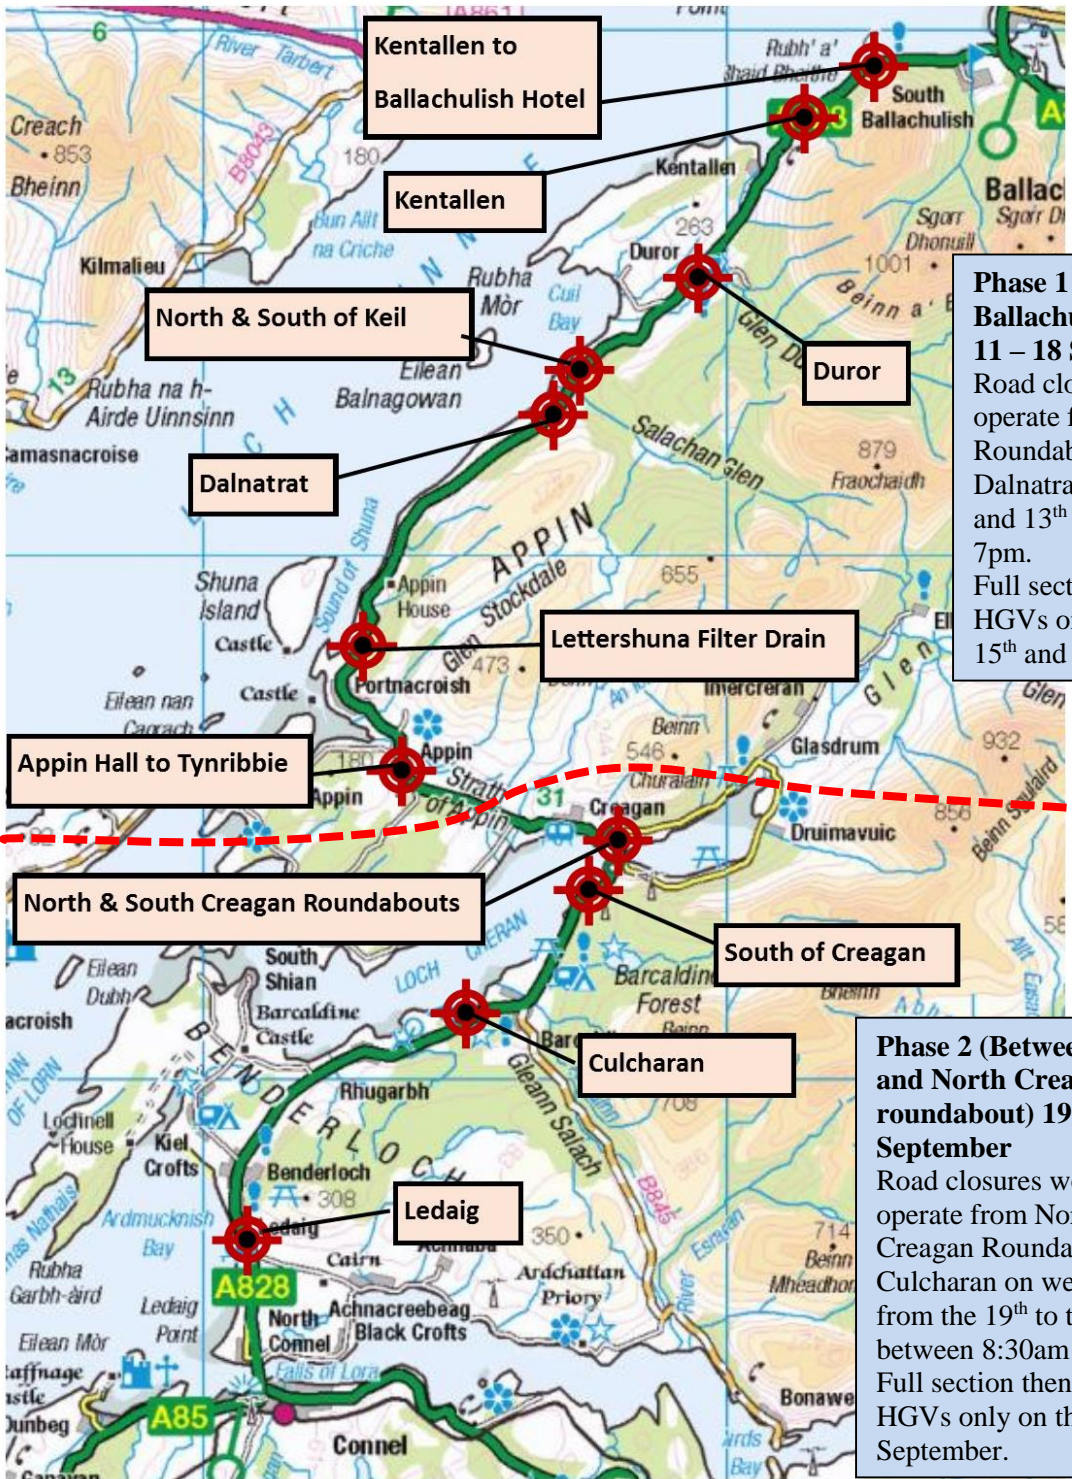

Daytime Closure Proposal – September 2017

- Reduces the number of closures required by working during daylight hours allowing supply of materials from two quarries;
- Sectional daytime working allows the full package of works to be undertaken later in 2017 (September) when traffic flows and impacts on tourist traffic are less;
- Day-time closures 8am to 7pm (Phase 1) and 8:30am to 7pm (Phase 2), Monday to Friday only, provides a safer working environment. Road will be reopened to all traffic each evening and over weekends
- Road closures for maximum 10 days, via two separate closures (one north, one south).
- Delivered between Monday 11th and Thursday 28th September with road closures between Ballachulish Roundabout and south of Dalnatrat on the 11th, 12th and 13th and North Creagan Roundabout to Culcharan between the 19th and 27th of September.
- Sections then closed to HGVs only on the 14th, 15th and 18th September in the north section and on the 28th September in the south.
- All required diversions would be set up utilising the A82 and A85 via Tyndrum.

Scheme Name	Description of works
Kentallen to Ballachulish Hotel	Replacement of defective or missing Road Studs over 6km of Carriageway to improve visibility of the carriageway at night.
Kentallen	Resurfacing of 235m of Carriageway to replace life expired surface course
Duror	Resurfacing of 215m of carriageway to facilitate Sustrans Route 78 Cycleway Improvements.
North & South of Keil	Resurfacing of 435m of Carriageway to replace life expired surface course and address carriage way edge deterioration.
Dalnatrat	Resurfacing of 205m of carriageway to facilitate Sustrans Route 78 Cycleway Improvements.
Lettershuna Filter Drain	Drainage Improvement works to 1085m of Filter Drain to resolve existing flooding issues
Appin Hall to Tynribbie	Resurfacing of 345m of Carriageway to replace life expired surface course and address carriage way edge deterioration.
North and South Creagan Roundabouts	Resurfacing of Both Roundabouts, including Exit and Approach Roads, with a combined length of 180m to replace the life expired surface course and improve grip.
South of Creagan	Installation of 150m of new safety barrier improving road user safety through this section.
Culcharan	Resurfacing of 2,440m of carriageway to replace life expired surface course.
Ledaig	Resurfacing of 200m of carriageway to facilitate Sustrans Route 78 Cycleway Improvements.
Route Wide	Road marking refreshment
Route Wide	Vegetation cut-back improving visibility across the route.
Route Wide	Installation of bend warning hazard marker posts improving overall route safety.

A828 Fact Sheet

Phase 1 (Between Ballachulish and Appin) 11 – 18 September
 Road closures would operate from Ballachulish Roundabout to south of Dalnatrat on the 11th, 12th and 13th between 8am and 7pm.
 Full section then closed to HGVs only on the 14th, 15th and 18th September.

Phase 2 (Between Ledaig and North Creagan roundabout) 19 – 28 September
 Road closures would operate from North Creagan Roundabout to Culcharan on weekdays from the 19th to the 27th between 8:30am and 7pm.
 Full section then closed to HGVs only on the 28th September.

Notes:

- Access by emergency vehicles and bus services permitted at all times. Local access permitted when possible
- Further to the schemes detailed above, route wide vegetation cut-back, bend warning hazard marker post installation and road marking refreshment will also be undertaken within each closure.
- Real-time journey planning information can be obtained by visiting www.trafficscotland.org or twitter @trafficscotland.

A828 IMPROVEMENT WORKS – 2017 – DETAILED PROGRAMME
